## **Medical Facilities in the Consular District of Belgium**

### **1. Emergencies**

To reach a doctor in an emergency, call the emergency medical and ambulance service at number 100 or 112. Telephone 100 or 112 may be used for all emergencies. Ambulance services are provided at any time of the day or night and will transport the patient to the nearest hospital. An attendant accompanies the ambulance; depending on the case, a member of the family and/or doctor may accompany the patient as well. You may also call the "Doctor on Duty" ("Dokter van wacht" - "Médecin de Garde"), indicated in your local newspaper, or the closest clinic or hospital.

### **2. Regular Service**

All doctors are listed alphabetically in the telephone directory under the heading "Dokters in de Geneeskunde" - "Docteurs en Médecine"; we have listed some English speaking doctors, according to location. A number of clinics and hospitals are also listed. Although all these doctors and institutions enjoy a good reputation, the Embassy of course cannot assume responsibility for their professional ability or integrity.
